Shaheen Group Chairman's Message

I DR. Abdul Qadeer, would like to welcome you all into the world of SHAHEEN by invoking the name of Allah, the most benevolent. Without his will and direction we could not have reached and scaled the heights which we have reached today. I am sure it's going to be a magical journey for you as we take a walk down the memory lane and have a peek at our future blueprint.

What started off as a visionary endeavor in a one room tenement accommodation 18 students way back in 1989 has now evolved into a major center of academic excellence touching the lives of more than 20,000 students and 600 teachers engaged in creation of knowledge wealth from KG to class XII.

Apart from our mission of making quality education affordable to one and all there's something else which kick started this success saga; Our commitment to revitalizing the old glory of Bidar as a revered seat of learning. The historically rich district of Bidar, the erstwhile capital of the mighty Bahmani knowledge was also center of learning for two centuries catering to students from across the globe at Madrasa of Mahmud Gawan setup in 1472. Those were the days when Bidar was at the pinnacle of glory with recognition as a great seat of learning. Today we have taken it upon ourselves to reclaim the status of Bidar as one of the finest destinations for aspirants aiming for world class learning experience.

Dr. Abdul Qadeer

MOBILE-FREE CAMPUS FOR STUDENTS :

A Step Towards Enhanced Learning

In today's digital age, a mobile-free campus aims to foster an environment where students can truly focus on their studies and develop a genuine interest in reading. By minimizing distractions, students can engage more deeply with their educational materials, participate actively in classroom discussions, and cultivate a love for books. This initiative not only improves academic performance but also promotes mindful learning and personal growth, preparing students for a brighter future.

1. **Enhanced Focus:** With fewer digital distractions, students can concentrate better on their studies and classroom activities.
2. **Active Participation:** A mobile-free environment encourages students to engage more actively in discussions and group activities.
3. **Improved Academic Performance:** Reducing mobile usage helps students allocate more time to their studies, leading to better grades and understanding of the subject matter.
4. **Increased Reading Interest:** Without the lure of mobile screens, students are more likely to turn to books and develop a habit of reading.
5. **Stronger Teacher-Student Interaction:** Teachers can connect more effectively with students, fostering a collaborative and supportive learning atmosphere.
6. **Time Management Skills:** Students learn to manage their time more effectively, balancing academic work with extracurricular activities.
7. **Mindful Learning:** Encourages students to be more present in the moment, leading to deeper learning and retention of information.
8. **Promotes Creativity:** Without constant digital input, students have the mental space to think creatively and explore new ideas.
